UPS
Evolution 650/850/1150/1550/2000 VA
Evolution S 1250/1750/2500/3000 VA

High density protection for network devices

Maximum availability

◗ Powershare. The Evolution output sockets are individually controlled to provide load-shedding to maximise the backup time and provide remote reboot and sequential start-up as standard.

◗ Continuous power supply. Hot swappable batteries. The HotSwap MBP (Maintenance By-Pass) module allows the UPS to be replaced without interrupting the power supply.
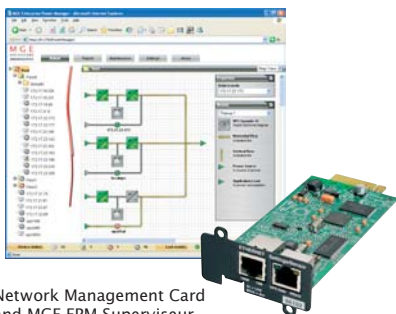

HotSwap MBP 4DIN

◗ Long backup times. 1 to 4 EXB battery units can be added to the Evolution S (from 1250 to 3000VA).

Minimum total cost of ownership

◗ Line-interactive HF technology: the best price/performance ratio.

◗ No additional cost: rack 1U and RT models are provided with the rail kits.

◗ Remote supervision. A wide range of options using the Solution-Pac supplied: SNMP and HTML and relay outputs.

Network Management Card and MGE EPM Superviseur.

RT models

Flexibility

Evolution has unmatched Flexibility.

◗ Format. Evolution is available in tower format, rack 1U format, RT2U convertible rack/tower version (optimised for rack mounting) or RT3U (for tower or short-depth racks).

◗ Connections. With FlexPDU and HotSwap MBP the Evolution can be connected by sockets or terminal blocks. They can be installed as required behind, on the side or on top of the unit.

◗ Compatible with high power factor loads. The Evolution S are rated for 0.9 total power factor (1250 VA/1150 W, 1750 VA/1600 W, 2500 VA/2250 W and 3000 VA/2700 W)

◗ Interfaces. USB + serial + remote start/stop + slot for optional communications card.

Protection for 1 to 15 servers, ideal for:

◗ network devices
◗ rack-mounted servers
◗ conventional rack-mounted or tower servers
◗ network storage systems

With its extremely compact size, the Evolution is the ideal solution for making the best use of the available space.

Thanks to its many installation options, the Evolution is easily integrated into any environment: offices, point-of-sale terminals, 19" racks, etc.
